# DASHED

A black and white portrait of a woman with dark, curly hair, looking directly at the camera. She is wearing a dark, high-collared top. The word "DASHED" is written in a white, stylized font across the top of her head.

Don't delay your life 'Life is meaningless without love When you bloom-  
ing They looking for you world is all rainbows and unicorns.

"Sometimes I feel lost, confused and other time I feel as if I have conquered the world and i have it all."

Happy life is a myth which everyone is expecting to get. Its a myth to only have smile and no tears so accepting the truth will make the tears easy to bear. How many times you have heard and seen "best ways to be happy" or "how to be happy every single day etc etc." But no matter how much we try to be happy we can't escape from experiencing the grief. Every person is preaching not to be sad. I do wanna know the reason. Is it bad to be sad or is it as shameful to human beings as showing our naked body as if we are showing our naked souls through these emotions. Who wanna live that monotone life where there is

only smile and no tears?? Do you? I don't want to. Embrace your tears as much as you for your back side When you blooming don't do proud Life is not bloom for a long time Sometime will die, sometime will. Lost. Likewise, a 'Rose' s life is a short not always bloom sometime will die. A strong sad story will make you feel less alone—more aware of the fact that no one's experience of this world is all rainbows and unicorns. We all have to trudge through the darker aspects of existence. Read these sad stories because they're beautiful, and because they reflect real life. They are as humans as you and I am. I am blessed to know this fact at this lit-

I believe in God, if God has given me tears and sadness there may be a reason behind that. There are so many variations in our feelings then why to get stuck in only one. However if I wanna fulfill my crave of happiness there are so many articles making my ways through it. There are so many people chasing it but, they aren't as happy as they show. They do feel dejected at times and if they pretend as if they are always happy don't believe them. They are as humans as you and I am. I am blessed to know this fact at this little age. Otherwise, I would have been na-

ive like others and spend my whole life chasing something while missing others. How sad Life is like a flower bloom Don't delay your life by your Friend When you love is a good thing just, say quickly The time is not wait Be peace your friend Life is not bloom for a long time Regret never come back Don't delay your life. Don't delay your life. 'Life is meaningless without love When you blooming They looking for you world is all rainbows and unicorns. We all have to trudge through the darker aspects of existence. These sad stories because they're world is all rainbows and unicorns. We all have
